MODEL AEX5

PERFECT MODEL FOR YOUR HOME

PICCOLINA

ARCOBALENO™

Project: _____

Item #: _____

Qty: _____

CSI Section 11400: _____

Approval: _____

Date: _____

STANDARD FEATURES

- Automatically mixes and extrudes- all-in-one process
- Only 15 minutes to mix and extrude 1.25 lbs. per batch [Up to 5 lbs. per hour]
- Industrial grade professional pasta extruder
- Large selection of pasta shapes to choose from
- Removable stainless steel mixer shaft and auger for easy cleaning
- Portable, compact and versatile machine.

Extremely easy to operate with amazing results!

- Factory and on-location training—the only full-service pasta machine manufacturer in North America
- Standard colors

Red

Blue

OPTIONAL FEATURES & ACCESSORIES

- Additional Standard Dies
- Pasta trays - solid and perforated
- APC-8 Mobile pasta cart with 8 trays
- APC-20 Mobile pasta cart with 20 trays
- Stainless

Stainless

MODEL AEX5

PERFECT MODEL FOR YOUR HOME

ARCOBALENO™

TECHNICAL SPECIFICATIONS

Model	AEX5
Hourly Production	Up to 5 lbs/hr
Flour Capacity	1 lb
Mixer Capacity	1.25 lbs per batch
Electrical Power	110V
Nema Plug	5-15
Machine Dimension	8"W x 12"D x 14"H
Net Weight	30 lbs
Shipping Class	85

PASTA EXTRUSION

What does the pasta extruder do for you?

The Pasta Extruder saves the most precious of resources — TIME!

TOP VIEW/LID CLOSED

TOP VIEW/OPEN LID

The Pasta Extruder will automatically mix and knead pasta dough. The dry ingredients are placed in the mixing chamber, then the wet ingredients are added to it while the machine is mixing.

Bronze dies create a rough surface texture that has artisan visual appeal and is said to hold sauces better. Bronze dies can also be supplied with Teflon inserts for a smoother surface.

DID YOU KNOW?

Teflon dies available for smooth texture and used for Gluten Free and Non Traditional Recipes. *Call for more information!*

SEMOLINA FLOUR RECIPE

INGREDIENTS

17 – 18 oz of Semolina flour (500 grams)
5 – 6 oz of Water (150 grams)

Note: This may vary upon kitchen humidity & environment. Please adjust accordingly.

FOR EGG PASTA

Add 1 egg per lb of flour
Whole eggs are 65.6% water
Egg yolks are 48% water
Egg whites are 88% water

DIRECTIONS

Put semolina flour in the hopper and press mix. Drizzle 4 oz of water into the hopper while mixing. Mix for 3-5 minutes. Check the consistency after 3 minutes; it should begin to resemble a crumbly dough mixture. Grab a handful of dough and open your palm. If you see any dry flour, drizzle the remaining liquid (2 oz) while in mix mode for 30 seconds — then begin to extrude.

RECIPE!

COMMON TYPES OF FLOUR

VARIETY OF FLOUR USED TO MAKE PASTA

FLOUR MILL

- Ideal for obtaining fresh flour for pasta, pastries, bread, polenta, and many others
- Adjustable grinder for regulating the flour granular
- Minimal footprint with equal efficiency
- Create authentic Italian pasta with interchangeable screens for different granularity

SEMOLINA

Semolina flour is a granular flour with a light yellow color. It is produced from durum wheat, which is used almost exclusively for making pasta. It is also high in protein and gluten. When using Semolina flour in an extruder, you will be delighted with superior results!

DURUM WHEAT

Durum wheat has the ideal properties for making the best pasta. It is high in protein and gluten, both of which are necessary components for pasta making.

WHOLE WHEAT

Whole wheat flour is produced from grinding the full wheat berry (kernel). All parts of the wheat berry are used in the flour including the bran, germ and endosperm; which when milled, creates the speckled brown color that is a characteristic of the flour.

GLUTEN FREE

Gluten is the protein present in wheat flour and it can be challenging to bake without it. Some popular gluten free flours are white rice, buckwheat, millet, masa and chickpea flour.

DOUBLE ZERO

In Italy, flour is classified as 1, 0, or 00, according to how finely ground the flour is and how much bran and germ have been removed. 00 is the most highly refined flour and is talcum powder soft, yet holds its protein and nutritional value.
